About BCR

Business Credit Reports is a Woman-owned Small Business based in Gallatin, Tennessee.

President and founder, Pam Ogden, armed with her industry experience and knowledge, started Business Credit Reports in 1989 with the belief that all businesses, including federal, state and local government agencies should have access to the same powerful information as corporate credit managers.

For over 26 years, BCR has delivered unique risk management solutions that leverage the best data sources in the industry.

Our small business has seven employees who are dedicated to helping our customers receive the ultimate in customer service with attention and care that is tailor-made for any business that we are assisting.

Why Choose BCR

Each of the major business credit bureaus, Experian, Dun & Bradstreet, and Equifax, offers a different perspective on each of your vendors. In order to get the complete picture, you need to leverage all three. You can come to us for a comprehensive and thorough look at a potential vendor at a lower price than you would get by using just one of them.
